

Stand Your Ground

Manilla Road

Revolution
Against the church and the crown
Retribution
Scottish clans stand their ground
Border reivers
Striking out at the realm
Vengeance reapers
Stand their ground and rebel

Defenders of the clans
Onward we ride hell bound
Come down from the Highlands
For freedom stand your ground

By sword and shield
Victory or the grave
We'll take the field
Win our freedom this day

Defenders of the clans
Onward we ride hell bound
Come down from the Highlands
For freedom stand your ground.
