The Dream Goes On

Manilla Road

Come on baby, let's have some fun
You don't know it, but you're the one
Feeling right now, I'm in my prime
Ain't gonna die now, I'm doin fine

Don't you see, it's all for me
For our lives upon this stage
'cuz the dream goes on

Ain't no reason, for you to say
You've got to stop your, musical ways

Ain't no way girl, I'm gonna stop today
'Cause you should know that, I've come to play

Don't you see, it's all for me
For our lives upon this stage
'cuz the dream goes
on and on and on
and on and on and on

Come on baby, let's have some fun
You don't know it, but you're the one
Ain't no reason, for your to say
You've got to stop your, your musical ways

Don't you see, it's all for me
For our lives upon this stage
'cuz the dream goes
on and on and on
and on and on and on

The dream goes
on and on and on

The dream goes on
