

Victory

Mankind Is Obsolete

Climbing up this ladder that I cannot see,
Blinded by this struggle from reality,
I won't give up and I won't delay,
I've got to keep on pushing for another way

Cannot look back, back far behind,
Restless, I'm so restless and I still can't find
The key to all my answers to look them in
To know where I'm going, instead of where I've been

Live and bleed for my victory
Rise and fall for this destiny
I believe in my legacy
To realize my victory

You can't keep me down
Nothing will chain me down
You won't keep me bound
'Cause I believe in what I've found

I am here and I can see
I am strong and I am free
I am here and I can see
That I am strong and I am free

Live and bleed for my victory
Rise and fall for this destiny
I believe in my legacy
To realize my victory

Too much doubt
Too long
Twists my world so out of shape
I can't relive the time I've lost
Life is now and mine to make

Live and bleed for my victory
Rise and fall for this destiny
I believe in my legacy
To realize my victory
