

Drug Of Choice

Mann

Changing shapes under the dark
You and me in the moonlight
I am there when you want
I have lost my self-control.

I want you tonight.
I want you tonight.
I want you tonight, oh yeah.
Let's just do it one more time.

Only you know how it feels right.
Only you know how it feels right.

You are my drug of choice.
You are my drug of choice.
I know it isn't right.
I always seem to be back.
You are my drug of choice.

If you want this can be over,
My addiction won't let you.

I want you tonight, oh no.
I want you tonight.
I want you tonight, oh yeah.
Let's just do it one more time.

You are my drug of choice.
You are my drug of choice.
I know it isn't right.
I always seem to be back.
You are my drug of choice.

I have to fulfill my most secret desire,
And only you know how to take me there.
I have to fulfill my most secret desire,
Please don't stop. Your body is my muse.

You are my drug of choice.
You are my drug of choice.
I know it isn't right.
I always seem to be back.
You are my drug of choice.
