

# Ghetto Girl

Mann

Hey yo J.R. this your boy Mann  
And let me tell you a story about me and this girl from my hood  
Back in the day  
Sean Kingston sing it

She's my ghetto girl (ghetto girl)  
She's been living in a ghetto world (ghetto world)  
I bet she never met a guy like me (guy like me)  
I want to take her on a shopping spree (shopping spree)  
'Cause she's my queen (Yup)

Our story starts in the heart of the city  
We used to play hide-and-peek  
At the park come and get me  
When you got me you kissed me  
It would get me so happy  
You were known for having Laffy Taffy  
We called you candy(candy)  
You had braids like Brandy  
Which my momma would braid  
Then we'd go in the house and drink your grandmama's Kool-Aid  
Remember school days when we caught the bus there  
And I thought I was ballin' because I payed your bus fare  
On the way home  
I'd protect you from danger  
Make sure you wasn't kidnapped or harrassed by some strangers  
Then I promised you if I made it out the hood  
You would be good  
Living life like you should

She's my ghetto girl (ghetto girl)  
She's been living in a ghetto world (ghetto world)  
I bet she never met a guy like me (guy like me)  
I want to take her on a shopping spree (shopping spree)  
'Cause she's my queen (Yup)

Now look what happened  
Mann is rapping and stacking this dough  
That boy get it popping  
Jerking and cracking fo' sho'  
But don't trip  
That promise I haven't forgot  
As soon as I get time imma go back to my block (do what)  
And see my candy girl (yes yes)  
My candy girl  
Candy girl you are the sweetest thing in a man's world  
My ghetto queen  
Imma drape you in jewels and bling (bling)  
Spend all my green  
On everything to fulfill your dreams (Fo' Sho')  
She sad no Mann baby all I want is you  
And being materialistic just ain't what I do  
I said what do you expect I'm now a signed artist  
She said that don't matter imma love you regardless

She's got me hooked  
And she's loooooking so fly-y-y (so fly)

And when she shaaakes it  
She maaakes me lose my mi-i-i-nd  
I just can't get enough  
All because  
I'm in love with my ghetto girl (ghetto girl)  
She's been living in a ghetto world (ghetto world)  
I bet she never met a guy like me (guy like me)  
I want to take her on a shopping spree (shopping spree)  
'Cause she's my queen (Yup)
