

Baby You're Mine

Mano Negra

Cooky in my pocket
I just wont stop shack in NOW!
Makes me look in to the left
Lookin to the right
Here comes a little beautie
Stars are twinklin' in here eyes
She said everything's allright
You're lookin for a pretty girl
When I'm loockin for an
Handsome guy!!Now who will try
To change a love
That will never die!?!
Never tell your moma
What we've been doing together
Gonna tell your moma
I've been with you like a brother
Tell her she can come see me too
If she ever feelin' blue!!
