

Killin' Rats

Mano Negra

You ready?
Now break it
Shoot

There's a place in the city, just down by the river, all the rats went crazy
Got fangs made of silver
Killin' rats

They're cruisin' downtown
Their eyes full of anger
If they can't hurt you, they will find another
Killin' rats

They shot down your father
They spit on your mother
Rape brownie girls, girls
They slaughter your brother
Killin' rats

Killin' rats
Break it
Those rats need a scratch like that
Those rats need a scratch like that

Shit
All you real cool cats put yourself together
Got them back to their swamp before they make you surrender
Killin' rats

Old cats they quiver 'cause it makes them remember about a long time ago when they fought rats father
Killin' rats

Was a rat called Hitler, set the world on fire
This is no fare game
They wanna do it again
Killin' rats
Killin' rats

Those rats need a scratch like that (Rats)
Those rats need a scratch like that (Rats)
Those rats need a scratch like that (Bats)
I need a scratch
