

## Battle Hymn

Manowar

By moonlight we ride  
Ten thousands side by side  
With swords drawn held high  
Our whips and armor shine

Hail to thee our infantry  
Still brave beyond the grave  
All sworn the eternal vow  
The time to strike is now

Kill Kill ooooh  
Kill Kill oooh  
Kill Kill ooooh  
Kill Kill ooooh

Gone are the days when freedom shone  
Now blood and steel meet bone  
In the light of the battle's way  
The sands of time will shake

How proud our soldiers stand  
With mace and chain in hand  
Sound of charge into glory ride  
Over the top of their vanquished pride

Victory Victory oooh  
Victory Victory oooh  
Victory Victory oooh  
Victory Victory oooh

To the battle we ride  
We crossed a starlit sky  
No space no time  
We'll catch the wind

Strange losses, men died  
We crossed a starlit sky  
And still no time  
We'll catch the wind

Sound of charge into glory ride  
Over the top of their vanquished pride  
By moonlight we ride  
Ten thousands side by side
