

# Heart of steel

Manowar

Build a fire a thousand miles away  
to light my long way home  
I ride a comet my trail is long to stay  
Silence is a heavy stone

I fight the world and take all they can give  
There are times my heart hangs low  
Born to walk against the wind, born to hear my name  
No matter where I stand I'm alone

R: Stand and fight, live by your heart  
Always one more try I'm not afraid to die  
Stand and fight, say what you feel  
Born with a heart of steel

Burn the bridge behind you, leave no retreat  
There's only one way home  
Those who laugh and crowd the path and cut each others throat  
Will fall like melting snow

They'll watch us rise with fire in our eyes  
They'll bow their heads their hearts will hang low  
And we'll laugh and they will kneel and know this heart of steel  
1  
Was too hard to break too hard to hold

R:

Born with a heart of steel  
Born with a heart of steel
