

Heart of steel

Manowar

Build a fire a thousand miles away
to light my long way home
I ride a comet my trail is long to stay
Silence is a heavy stone

I fight the world and take all they can give
There are times my heart hangs low
Born to walk against the wind, born to hear my name
No matter where I stand I'm alone

R: Stand and fight, live by your heart
Always one more try I'm not afraid to die
Stand and fight, say what you feel
Born with a heart of steel

Burn the bridge behind you, leave no retreat
There's only one way home
Those who laugh and crowd the path and cut each others throat
Will fall like melting snow

They'll watch us rise with fire in our eyes
They'll bow their heads their hearts will hang low
And we'll laugh and they will kneel and know this heart of steel
l
Was too hard to break too hard to hold

R:

Born with a heart of steel
Born with a heart of steel
