

# Master of the wind

Manowar

In the silence of the darkness  
when all are fast asleep  
I live inside a dream calling to your spirit  
As a sail calls the wind, hear the angels sing

Far beyond the sun across the western sky  
Reach into the blackness find a silver line  
In a voice I whisper a candle in the night  
We'll carry all our dreams  
on a single beam of light

R: Close your eyes, look into the dream  
Winds of change will winds of fortune bring

R2: Fly away to a rainbow in the sky  
Gold is at the end for each of us to find  
There the road begins  
where another one will end  
Here the four winds know  
who will break and who will bend  
All to be the master of the wind

Falling stars now light my way  
My life was written on the wind  
Clouds above, clouds below  
High ascends the dream within  
When the wind fills the sky  
The clouds will move aside  
And there will be the road to all our dreams  
And for any day that stings  
Two better days it brings  
Nothing is as bad as it seems
