

# Touch the Sky

Manowar

Thunder touched my soul  
I heard a call all should know  
It's my time I'm alive

Some will come some will go  
But most will never know  
That greatness lives inside

Like the night turns into day  
Doesn't matter what they say  
My will is strong as a mountain's high  
I feel so tall I can touch the sky

Speak your mind, put me down  
Say your prayers when I'm around  
I live the life I'm not passing by

Shorn of hopes and dreams  
I don't buy their foolish schemes  
I just walk on by

I was born with a hero's soul  
If you got one then you know  
Reach my hand where the eagles fly  
I feel so tall I can touch the sky

I was born with a hero's soul  
If you got one then you know  
Reach my hand where the eagles fly  
I feel so tall I can touch the sky

Like the night turns into day  
Doesn't matter what they say  
My will is strong as a mountain's high  
I feel so tall I can touch the sky

I was born with a hero's soul  
If you got one then you know  
Reach my hand where the eagles fly  
I feel so tall I can touch the sky

Like the night turns into day  
Doesn't matter what they say  
My will is strong as a mountain's high  
I feel so tall I can touch the sky
