

# Take It Easy Chicken

Mansun

I'm sick of this England's shit  
It's slashing down, we are drowned  
Star is here drinking beer  
Star is scrawled on my wall

CID, they follow me  
I kidnap Star in my car  
A TVR, we'll drive to Prague  
And stop at Mars and we'll be

Taking Star to L.A.  
We'll drive to Vegas for the day  
We want to sit in the sun  
And take it easy, take it easy

Mum's got cake, belly ache  
Feeling sick through Kuwait  
Stole a tank, drove to France  
Star's amazed, in a trance

M53 hit a tree  
Crashed my car, I killed Star  
Stowaway on a ship  
Dodge the pigs, what a trip

Taking Star to L.A.  
We'll drive to Vegas for the day  
We want to sit in the sun  
And take it easy, take it easy  
Take it easy, take it easy  
Take it easy, take it easy
