

Por Dónde Saldrá el Sol?

Manu Chao

Nobody's coming through my way
I'm drowning in the crown with nothin to say
Waitin for a better day
This is another beautiful Sunday
It's always the same old show
When trouble is comin by the door
Love jumpo through the window
Here I am alone with nowhere to go
Soledad (no quiero no!)
Stinkin with your heavy perfume
The kind I will never loose
Whistlin your favourite tune
Called the Black Widow Blues
Soledad...
Stinkin with your heavy perfume
Whistlin your favourite tune
"Soledad lo que a mi me va
Soledad a mi me da la vida"
