

Trapped By Love

Manu Chao

When you come I feelin' better,
sky is blue you say forever,
OOH OOH...I've been trapped by love.
Then you go so change the weather,
sky is grey bit more than ever,
OOH OOH...I've been trapped by love.

I've been trapped by love,
I've been trapped by love,
I've been trapped by love!

So my beer now taste so bitter,
but I can't find anything sweeter...
OOH OOH...I've been trapped by love...
Then you come and I feel better,
see my eyes they're full of water,
then again you go so change the weather,
askin' for the next together.

I've been trapped by love,
I've been trapped by love,
I've been trapped by love!

When you come I feelin' better,
sky is blue you say forever,
Then you come and I feel better,
see my eyes they're full of water,
then again you go so change the weather,
askin' for the next together,
askin' for the next together.

I've been trapped by love,
I've been trapped by love,
I've been trapped by love,
I've been trapped by love,
I've been trapped by LOVE!
