

## A Woman's Story

Marc Almond

There are many who have laid with me  
Then got up and walked away from me  
And played around with me like I was a game  
Every night was a one night fling  
When I'd given them everything  
They never even asked me for my name  
God they never even asked me for my name  
Now I've found real love  
Make no mistake about it  
Now that I feel love  
I just can't live without it  
So if you love me  
The way I love you  
Why can't we spend our lives as one  
My reputation was all over town  
As a woman who was passed around  
I knew every wrong way to go  
Seen every room with a bed inside it  
And every habit I've tried, I tried it  
But from now on I say hell no  
No but from now on I say hell no  
Now I've found real love  
Make no mistake about it  
Now that I feel love  
I just can't live without it  
So if you love me  
The way I love you  
Why can't we spend our lives as one  
Why can't we spend our lives as one
