

# Black Kiss

Marc Almond

Black kiss  
Kiss deep  
Inside  
Your sleep  
Dark love  
You crave  
Black kiss  
I gave

Black kiss  
Inspire  
Cold heart  
On fire  
Black kiss  
Red rose  
Where no  
One goes

Beautiful evil  
Beautiful evil  
Why do you hurt me?  
Why do I let you?  
I need your blood now  
But youre not giving  
Without your blood how  
Can I keep living?

Black kiss  
From above  
Soft mouth  
Hard love  
Sweet kiss  
So true  
Black kiss  
That I gave you

Beautiful evil  
Beautiful evil  
Why do you hurt me?  
Why do I let you?  
I need your blood now  
But youre not giving  
Without your blood how  
Can I keep living?

Black kiss  
Kiss deep  
Inside  
Your sleep  
Black kiss  
Barb wire  
Cold heart  
On fire

Beautiful evil  
Beautiful evil  
Why do you hurt me?

Why do I let you?  
I need your blood now  
But youre not giving  
Without your blood how  
Can I keep living?

There in my mind  
Clear and defined  
Deep in my heart  
Where do I start  
Blood on your lips  
Passionate bliss  
Dont want to miss  
Your black kiss

Beautiful evil  
Beautiful evil  
Why do you hurt me?  
Why do I let you?  
I need your blood now  
But youre not giving  
Without your blood how  
Can I keep living?  
Can I keep living?  
Can I keep living?  
Can I keep living?
