

## Threat of Love

Marc Almond

It's a poison  
That slowly drips  
It's a word of cruelty  
On your lips  
Like a killer on the run  
Like a kiss from a gun  
It's a threat of love  
Threat of love  
It's a heartache  
To traumatise  
It's a touch of darkness  
In your eyes  
Like a killer on the run  
Like a kiss from a gun  
It's a threat of love  
Threat of love  
It's a life  
On a bed of roses  
It's a life  
On a bed of nails  
It's a life of hell  
If you live to tell  
It's a threat of love  
Threat of love  
Cold like a day without sun  
Cold like a kiss from a gun  
Cold how my heart grows cold  
Under the threat of love  
Love goes dark  
In the shadow  
Of your heart  
Love goes cold  
In the winter of your soul  
It's a chilling revelation  
It's a ticket to damnation  
It's a reason for retribution  
As you pray for absolution  
Like a lonely phantom calling  
Like an angel when he's falling  
Like a killer on the run  
Like a kiss from a gun  
It's a threat of love  
Threat of love  
Afraid of love  
Afraid of love  
And all the things that are made of love  
Threat of love  
It's the end of love
