

# She Mends Me

Marc Anthony

Look at me I'm not the man I used to be  
When she smiles at me  
I live the light I used to see

There she goes and I know  
On my own  
I'm not whole

Can't believe  
She can't see  
That she's taken the best part of me

R: I'm half a man with half a heart  
With naothing left to tear apart  
Half of me is walking 'round  
The other half is on the ground  
She mends me

What's to see I had it all in front of me  
It's all on me  
All in the name of vanity

There she goes and I know  
On my own  
I'm not whole

Can't believe  
She can't see  
That she's taken the best part of me

R:

Tell me where I am  
nothing else can replace her  
how do I go on the way I am
