

Baby Strange

Marc Bolan

I see you walking I see you talking
Ooh with all of my friends
Were shadowed under like some thunder
Ooh I wanna be your friend

I wann call ya I wanna ball ya
Ooh all night long
In winds of passion my whip is lashing
Ooh I wanna get you and then

Ooh you're strange
Don't lame me baby strange
Don't lame me baby

The citys shakin I aint fakin
Oh baby this is the end
Im overloaded my heads exploded
Ooh I wanna gonna get you and then
I wanna call ya I wanna ball ya
Ooh yeah it hurts
