

# Gotta Be More

Marc Broussard

Cast my eyes towards the sky  
Looking down on me  
So far all I've seen are clouds  
But I'm not gonna let 'em get me down

No way  
No how  
Not ever  
Not now

There's gotta be more here  
Than what I see  
There's gotta be more here  
Than what I see

Walking down the road again  
One step at a time  
So far all I've seen are stop signs  
But I'm not gonna let 'em get me this time

My life  
Keep my head high  
Yeah

There's gotta be more here  
Than what I see  
There's gotta be more here  
Than what I see

Are those the clouds of my mind that hide the stars?  
Will I ever find the road that leads me home again?  
Does it seem so far  
From looking way to hard  
Now I know my heart is where my searching all begins

High low is where I stand  
Looking for the man in charge  
High low is where I stand  
Looking for the man in charge  
High low is where I stand  
Looking for the man in charge  
High and low is where I search  
But you know that I didn't have to look this far

I believe there's more here to see  
Oh yeah  
I believe there's more here to see  
'Cause the dirt has been wiped away from my eyes and  
I know what I'm supposed to be  
There's got to be more [x5]
