## **Keep Coming Back**

## **Marc Broussard**

Sure look good tonight Underneath the lights I see ya Set the night on fire Smells so good like sweet magnolia

That look in your eyes, well, well There's no denyin' Oh, you got me hypnotized

Doesn't matter what you do
I'll keep comin' back to you
Do whatever you want to
I'll keep comin' back

Such a lovley sight
We here together, dancin', movin'
Groovin' right in style, yeah
Listen while the guitar takes a ride
I feelin' your vibe, baby, no denyin'
Oh, you got me hyptnotized

Doesn't matter what you do
I'll keep comin' back to you
Do whatever you want to
I'll keep comin' back

Doesn't matter who you are Get yourself down on the floor Givin' time you'll realize I'll keep comin' back

Everybody
(Everybody unwind)
Do you feel it?
(If you feel it, feel the vibe)
Say you're gonna lose control
(Don't you wanna lose control)
Can't denyin'
(Can't denyin')
Come on
(When you allready know)
Yes, you allready know

Doesn't matter what you do
I'll keep comin' back to you
Do whatever you want to
I'll keep comin' back

Doesn't matter who you are Get yourself down on the floor Givin' time you'll realize I'll keep comin' back
