

Mama's In The Moon

Marc Cohn

Dogs are barking and she's so high, she's never coming down.
Don't wanna pull the shade tonight, I think I'm wanna drown.
I'm sending out a message, or could I die too soon?
'Cause I don't know where I'm going,
Since Mama's in the moon.

Now, I can hear her laughing, and I can hear her cry.
I can see her dancing somewhere in the sky.
I'm rising like the ocean, and I'm crazy as a loon.
And I don't know what I'm doing,
Since Mama's in the moon.

The dogs are barking and she's so high,
And she's never coming down.
