Miles Away

Marc Cohn

My friends will ask me how I'm doin' But I just can't lie to 'em Not feeling fine today I saw my dreams they were a Ship on the ocean now it Looks like they're miles away

Miles away Hey, hey, they're miles away

I know there's always something we have to go through That has some deeper meaning but Right now I just can't say I know there's gonna be a lesson somewhere I'm gonna think a lot about it later But right now I'm miles away

I'm miles away Hey hey, I'm miles away Hey hey hey, I'm miles away

I'm a million miles away Where I don't have to think at all Don't have to listen to your whisper Your little secrets in the hall Yeah I'd really love to talk about it But I, I think I hear my Mama calling me

Miles away, miles away

I know there's always something we have to go through That has some deeper meaning but Right now I just can't say I know there's gonna be a lesson somewhere I'm gonna think a lot about it later But right now I'm miles away

I'm miles away Hey hey, I'm miles away

Hey hey, I'm miles away Hey hey hey, I'm like miles away Hey hey hey, I'm miles away
