

Lonely

Marc Terenzi

Girl
I'm so lonely
and i hate each day
that you're not by my side
You
You've been the one to show me
there is no easy way
to find the truth inside
And I wonder where you are
I wonder what you're doing
it's not easy for my heart to take this pain
when I' lost without you

Refrain:
I'm lonely
Girl we should never be apart
I'm lonely
I can't stop missing you
I'm lonely
Time has just tearing me apart
till the sund will rise in the sky
for me and you

Girl
are you lonely
do you feel the same,when deep inside your soul
You
You were my one and only
You're my guardian life,
my candle in the cold
Like the deserts need the rain,
I need you by my side
Come and take away my pain
Cause I loved you all of my life

Refrain
Lonely
Girl,we should never be apart
I'm lonely
I can't stop missing you
I'm lonely
Time has just tearing me apart
till the sund will rise in the sky
for me and you (3x)

Cause I'm lonely without you
No,no,no
Yeah,yeah,yeah
I'm so lonely without you
