

# I Hate You Now

Marcella Detroit

(Marcella Detroit)

I hate you now,  
But i know i won't always feel this way  
You know, it's draining all my energy  
I'm so angry, red is all i see, hmmm;  
I don't know when it's gonna be but one day i'll  
Change my mind  
One day i'll  
Change my mind, oh,  
'Cause i don't wanna feel this feeling anymore.....

Now i could easily dissolve  
Lose the pain it takes to be involved  
A disease is what this makes in me  
Could you please just have some faith in me  
I don't know when it's gonna be, but one day i'll  
Change my mind  
One day i'll  
Change my mind, oh,  
'Cause i don't wanna feel this feeling anymore

I can feel it twist and grind  
Makes me feel so dead inside  
I wouldn't have to feel this way  
If you had some faith in me

I don't know when it's gonna be, but one day i'll  
Change my mind  
One day i'll  
Change my mind  
When you learn how  
To be kind  
You're gonna make me  
Change my mind  
'Cause i don't wanna feel this feeling.....
