

You Don't Tell Me Everything

Marcella Detroit

(M. Detroit)
You tell me it's
It's all in my mind
It's not my imagination
Guess you want it that way
Kind of gives you the upper hand
Guess you need it that way
Makes you harder to understand
So naive to think
I'd keep believing in you
Cause you don't tell me everything
You only go so far
You don't tell me everything
So I don't know who you are
I don't know who you are
Keep on falling in the same trap
By now you'd think I'd know
And I wonder why I come back
When I should be letting go
So naive to keep
On believing in you
Cause you don't tell me everything
You only go so far
You don't tell me everything
So I don't know who you are
I don't know who you are
Just when I'm thinking that
That everything's alright
You turn a grand holiday
Into a fight
Please she'd some light
On the situation
It wouldn't hurt if you
Could just give me a clue
Put your tongue to your lips
Anything will do
Don't leave it to my imagination
You don't tell me everything
You only go so far
You don't tell me everything
So I don't know who you are
You don't tell me everything
So I don't know who you are
I don't know who you are
