

# You Don't Tell Me Everything

Marcella Detroit

(M. Detroit)  
You tell me it's  
It's all in my mind  
It's not my imagination  
Guess you want it that way  
Kind of gives you the upper hand  
Guess you need it that way  
Makes you harder to understand  
So naive to think  
I'd keep believing in you  
Cause you don't tell me everything  
You only go so far  
You don't tell me everything  
So I don't know who you are  
I don't know who you are  
Keep on falling in the same trap  
By now you'd think I'd know  
And I wonder why I come back  
When I should be letting go  
So naive to keep  
On believing in you  
Cause you don't tell me everything  
You only go so far  
You don't tell me everything  
So I don't know who you are  
I don't know who you are  
Just when I'm thinking that  
That everything's alright  
You turn a grand holiday  
Into a fight  
Please she'd some light  
On the situation  
It wouldn't hurt if you  
Could just give me a clue  
Put your tongue to your lips  
Anything will do  
Don't leave it to my imagination  
You don't tell me everything  
You only go so far  
You don't tell me everything  
So I don't know who you are  
You don't tell me everything  
So I don't know who you are  
I don't know who you are
