

Everytime I Think Of You

Marco Borsato

Every time I think of you
It always turns out good
Every time I've held you
I thought you understood

People say a love like ours
Will surely pass
But I know a love like ours
Will last and last

And baby I was wrong
Not knowing how our love should go
(How our love)
(How our love should go)
But then I wasn't wrong
In knowing how our love would grow
(How our love)
(How our love would grow)
And everytime I think of you
Every time
Every time I think of you
Every single time
It always turns out good

Seasons come and seasons go
But our love will never die
Let me hold you darling
So you won't cry

Cause people say that our love affair
Will never last
But we know a love like ours
Will never pass

And baby I was wrong
Not knowing how our love should go
(How our love)
(How our love should go)
But then I wasn't wrong
In knowing how our love would grow
(How our love)
(How our love would grow)
And every time I think of you
Every time
Every time I think of you
Every single time
It always turns out good

People say a love affair
Will surely pass
But I know a love like ours
Will last and last

And baby I was wrong
Not knowing how our love should go
(How our love)
(How our love should go)

But the I wasn't wrong
In knowing how our love would grow
(How our love)
(How our love would grow)

Every time I think of you (every time)
Every time I think of you (every single time)
It always, it always turns out good turns out good
Every time I think of you
Every time I think of you
Every time I think of you
