## **Everytime I Think Of You**

## **Marco Borsato**

Every time I think of you It always turns out good Every time I've held you I thought you understood

People say a love like ours Will surely pass But I know a love like ours Will last and last

And baby I was wrong Not knowing how our love should go (How our love) (How our love should go) But then I wasn't wrong In knowing how our love would grow (How our love) (How our love) (How our love would grow) And everytime I think of you Every time Every time I think of you Every single time It always turns out good

Seasons come and seasons go But our love will never die Let me hold you darling So you won't cry

Cause people say that our love affair Will never last But we know a love like ours Will never pass

And baby I was wrong Not knowing how our love should go (How our love) (How our love should go) But then I wasn't wrong In knowing how our love would grow (How our love) (How our love) (How our love would grow) And every time I think of you Every time Every time I think of you Every single time It always turns out good

People say a love affair Will surely pass But I know a love like ours Will last and last

And baby I was wrong Not knowing how our love should go (How our love) (How our love should go) But the I wasn't wrong In knowing how our love would grow (How our love) (How our love would grow)

Every time I think of you (every time) Every time I think of you (every single time) It always, it always turns out good turns out good Every time I think of you Every time I think of you Every time I think of you
