

C About Me

Marcos Hernandez

I haven't seen you in forever
Oh, you haven't changed a bit
You didn't think that I would remember
How could I forget

We sang Bobby McGhee
On the hood of my car
Made a wish on every star
In that clear September sky

One bottle of wine and two Dixie cups
3 A.M. I fell in love
For the first time in my life
Oh that's something that just don't happen twice

To this day, I still taste that first kiss
How I prayed it wouldn't end
In a way, seeing you like this
I guess, it never really did

We sang Bobby McGhee
On the hood of my car
Made a wish on every star
In that clear September sky

One bottle of wine and two Dixie cups
3 A.M. I fell in love
For the first time in my life
That's something that just don't happen twice

One bottle of wine and two Dixie cups
3 A.M. I fell in love
For the first time in my life
Oh that's something, baby that's something
Oh that's something that just don't happen twice

Oh yeah, we sang Bobby McGhee
On the hood of my car
Made a wish on every star
One bottle of wine and two Dixie cups
Yeah, we fell in love
