I say I say hey bae  
I'm gonna find a way to call you bae bae, take a chance on me  
And when the party's over, know I'll be going over  
Say hey bae take a chance on me 'bae

Wait a second, just a minute  
Girl you had me 'at hello  
I love, what you give me and girl I want more of everything you got  
And I wanna know you better than I know myself, know you better

I say I say hey bae  
I'm gonna find a way to call you bae bae, take a chance on me  
And when the party's over, know I'll be going over  
Say hey bae take a chance on me 'bae
