

# Together

Marcus & Martinus

We're in the same car driving to the same show  
You hear me playing our song on the radio  
Take a moment now looking at my time,  
Think I wanna spend it all with you

And I say, hey you know I-I'm gonna fly  
And I wanna have you by my side

Whatever I do, I do with you  
Whatever I say, we're better as two  
We're better off our words,  
When it's good or when it hurts  
You know it's always me and you, together  
(you and me, you and me) Together  
(you and me, you and me) Together

We're in the left lane, never going back again  
You make me laugh, and you're driving me insane  
It's like you know me better than I do  
And you know I'll be there for you

And I say, hey you know I-I'm gonna fly  
And I wanna have you by my side

Whatever I do, I do with you  
Whatever I say, we're better as two  
We're better off our words,  
When it's good or when it hurts  
You know it's always me and you, together  
(you and me, you and me) Together  
(you and me, you and me)  
(you and me, you and me) Together  
(you and me)

Whatever I do, I do with you  
Whatever I say, we're better as two  
It's only, me and you, together  
(you and me, you and me)  
We're better off our words  
When it's good or when it hurts  
You know it's always me and you, together  
(you and me, you and me) Together  
(you and me)
