

Boomerang

Marcus Miller

Uoooh baby, baby...

Uoooh...

Your'e a taker, baby

Takin but never givin'

You better be careful, lady

Oooh bout how you're livin'

See love don't like

When u break hearts like that

And just like a boomerang (just like a boomerang oooh)

I'ts gonna come right back, oh

Just like a boomerang

Just like a boomerang

Now when u get thru

Stompin' on my heart like that

Keep your eyes open, oooh baby

Oooh you better watch you back (watch you back)

Cause love will turn around and do the same damn thing to you

Just like a boomerang (just like a boomerang)

It's gonna come back to you, oh

Listen what I'm say...

Just like a boomerang...

Whoa...

Now I look at you baby

You see I love you baby

You got me hangin on a string

Tear out my heart and throw it down stomp my feelings on the ground

I'll be all right can't keep me down

What goes around comes around!

When you live like that

When you take but never give, baby

It's gonna come right baby

When you live like that

When you hurt me like you do

Just like a boomerang

It's gonna come back to you
