

Bang Bang Bang

Marcy Playground

Me and you girl, we do it our way
We're not going to heaven on the judgement day
Do you like doing the devil's handiwork
Come on, come on girl, come on let's go
Just cock the hammer baby nice and slow
Now you're doing the devil's handiwork

Bang! Bang! Bang! it's a gun
Hey kid take off and run
They just murdered a man right there in cold blood
Oh no...

In Pensacola I did my time
Ten years on the federal penitentiary line
And I swear I never will go back again

Bang! Bang! Bang! it's a gun
Hey kid take off and run
They just murdered a man right there in cold blood
Oh no...

Yeah and there's no danger
from even a Texas Ranger
Dropping the hammer and we're gone
Oh yeah, yeah, yeah, yeah, yeah, yeah

We're not running away
And we don't care about the price we pay
We just like doing the devil's handiwork
Come on, come on girl, come on let's go
Just one more town and baby one more show
There's no rest when you're doing the devil's handiwork

Bang! Bang! Bang! it's a gun
Hey kid take off and run
The cops just murdered a man right there in cold blood
Oh no...
Oh no...
Oh no...
...etc
