

# Emperor

Marcy Playground

Ride my bike,  
I ride it everywhere,  
Like a ghost... sailing the road  
O', on my bike I'm the emperor

All alone, safe in my room again,  
Out the window staring at clouds,  
Oh, in my room... I'm the emperor

[... proceed to rock.]

In my life, I choose everything  
If you ask me, you're all the same  
Oh, in my life... I'm the emperor

One day... I'll be gone  
You'll be just sitting there...  
... wondering what happened to John

Oh oh oh, I'm the emperor  
Oh oh oh, I'm the emperor  
Oooooh...  
Oh, oh, oh oh, yeah!

Loneliness,  
Just when I thought it was over, it started again
