

## Death Sex Ejaculation

Marduk

On silent wings through the darkness of aeons he comes  
driven by bloodlust and craving for unholy passion  
ecstatic for wicked slave abuse he enters your world

the beast in him is always awake and ready to strike at will  
cast out from the heavens he commits sins which makes angels turn  
their heads

he is the commander of the 7th compartment of the underworld  
and deep down in the core of your soul you know that you want him

could you ever picture death  
to excite you 'til sanity's end and make you lose your breath?

groans of pleasure - demonacy  
your orgasm - ecstasy

twisting, turning, crying, praying, screaming, dying, blood is  
spraying

as so many times before he stumbles through the garden of life  
ascending from the fiery pits with intention to kill again  
for those who dares tasting this body all seal their fate in blood

sweat, blood and tears makes the spirit and flesh join as one  
his name silence people in fear and tonight it's the one you adore  
to cry out
