

# Nowhere, No One, Nothing

Marduk

Luminous - tireless destruction  
Forming and reforming as false Heavens' glow  
Tongues of flame drawing Madness Divine

Ever present, the absence of breath  
Within - without - above - around  
Ever searching spear of eyes  
Beneath - below - between - behind  
Come LORD spill thy wrath! Come LORD spill thy wrath!

In me it springs again  
This hissing flame of old  
In here it weathers time  
This torch with which we shall light the sky

In me it springs again  
This Chaos Equilibrium  
I drank the guilt of the Ancients  
To become DEVOTION  
...To die the death of a Messiah

Loops and coils - spiral pulse  
Restively abiding its fulfillment in Death  
Perfect circles - Death-Aureole  
Disrobe now thy sin as the Hole of Holes expands

Underneath - beside - beyond - entwined  
Ever seeking maul of Sight  
Nowhere - no-one - nothing - DEATH!  
Come LORD grant us Death! Come LORD grant us Death!
