

# Deep Calling Deep

Margaret Becker

Deep calling deep  
Calling deep  
Calling to deep  
Calling deep  
Calling deep  
Calling to deep  
Calling deep  
Calling deep  
Calling to deep

In this ocean of my soul  
There's a voice that calls and calls  
Calls to You night and day  
Using words I can not say  
They are  
Words of waiting, words of want  
Without You, I'm undone

Calling to deeper love  
Calling to higher truth  
Calling to anything that leads me  
Deeper and farther on with you  
Calling to deep  
Calling deep  
Calling to deep  
Calling deep  
Calling to deep

When You hear me on the wind  
Hope You pull me closer in  
When you see me in the night  
Hope You'll lead me with  
Your light  
I want to be near You  
Want to be known  
Want my deep to find it's home

Calling to deeper love  
Calling to higher truth  
Calling to anything that leads me  
Deeper and farther on with You  
Calling to higher Love  
Calling to all that's true  
Calling to anything that leads me  
Deeper and farther on with You

Calling to deep  
Calling deep  
Calling to deep  
Calling deep  
Calling to deep  
Calling deep  
Calling to deep

I'm calling  
I'm calling  
I'm calling

Calling to deeper love  
Calling to higher trugh  
Calling to anything that leads me  
Deeper and farther on with You  
Calling to higher Love  
Calling to all that's true  
Calling to anything that leads  
Me back  
Deeper and farther on with You

I'm calling to deeper love  
Anything that leads me  
Deeper and farther on with you
