

## Never For Nothing

Margaret Becker

You cried alone by the window  
Over the love that you lost  
You gave it all  
Never counting the cost  
Rain like tears beat on your window  
Melting your heart to the floor  
No love returned  
And now you have less than before (It's)  
Chorus:  
Never for nothing  
When you love with no return  
It's never for nothing  
Light your candle in the darkness  
Cause it's never for nothing  
Your friends say you're the fool  
For loving with nothing to gain  
But they can't see the reward  
That you'll claim  
So hold on to the holy promise (that says)  
No labor of love is in vain  
Precious tears are changed to jewels  
In the rain
