

# Blue Vibes

Margaret

I've got my eyes  
Eyes on you

(I can feel you're movin'  
I can feel you're movin')

And, do you feel like I do?

(I can feel you're movin'  
I can feel you're movin')

You gotta go left  
You gotta go right  
You gotta go up  
You gotta get down  
Wanna give it a try?  
You wanna give it a try?

You can send me a snapchat  
Keep it up  
Bring a happy backpack  
Sippin' my cup  
Wanna give it a try?  
You wanna give it a try?

BLUE VIBES  
I feel so alive  
That's bumpin' just like a dynamite  
Come join me  
And let's dance tonight  
BLUE VIBES  
Dance from nine to nine  
Gotta light up my strip with strobe lights  
Come join me  
And let's dance tonight

Tonight, tonight  
We're gonna get blue vibes  
/3x

We're gonna get blue vibes

Get on the floor  
And give me more

(I can feel you're movin'  
I can feel you're movin')

And you won't get bored  
On this magic tour

(I can feel you're movin'  
I can feel you're movin')

You gotta go left  
You gotta go right  
You gotta go up

You gotta get down  
Wanna give it a try?  
You wanna give it a try?

You can send me snapchat
