

## Dance for 2

Margaret

Feels like I am grooving on air  
Let people talk, let them stare  
Now is the time to enjoy  
Keep cool, most of all keep the poise

Tonight I'm gonna rock with you, rock with you  
If you wanna rock with me, rock with me

This could be a dance for 2  
If you come on over  
Shoulder to shoulder  
This could be an endless groove  
Singing songs we don't know  
Kissing you XO

In the strobe lights I'm right in my zone  
And I'm all into losing control  
And you're one of them that wants to bring me back home  
And you're all into losing control

Tonight I'm gonna rock with you, rock with you  
If you wanna rock with me, rock with me

This could be a dance for 2  
If you come on over  
Shoulder to shoulder  
This could be an endless groove  
Singing songs we don't know  
Kissing you XO

Get up and get down  
For good times

This could be a dance for 2  
If you come on over  
Shoulder to shoulder  
This could be an endless groove  
Singing songs we don't know  
Kissing you XO
