

# Over You

Margaret

I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't

Nobody said that life would be easy  
That nothing will face me  
Nobody said, nobody, nobody said  
That what couldn't reach me  
The lies wouldn't teach me  
Nobody said, nobody, nobody said

Take me to the place  
Where everything's a race  
There's harder to forget  
When nobody said

I can't get over you  
I can't get over you, over you

I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't

I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't

Nobody said the world would oblige by  
The dreams that I hide now  
Nobody said, nobody, nobody said  
The winds that would come when  
The lights are all gone  
Nobody said, nobody, nobody said

Take me to the place  
Where everything's a race  
It's harder to forget  
When nobody said, nobody said

I can't get over you, over you  
I can't get over you, over you  
I can't get, I can't get, I can't, I can't get

I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't

I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't

You were my rush and I'm scared of the sober

Wish that you would come over  
'Cause I can't get over, I can't get over

I can't get over you, over you

I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't

I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't  
I can't get, I can't get, I can't

Nobody said  
I can't get over you
