

# Super Human

Margaret

I've been walking around  
In someone else's shoes  
Someone else than mine  
I've been trying so hard  
Just to push you away back  
Back away from my mind  
And I've been goin' insane  
Light away to many  
Cigarettes and your name

But this time it won't be the same  
Maybe it's a too late  
If you want to make this work

And I'm ready to feel it

Oh, oh, oh  
You make me feel Super Human next to you  
Oh, oh, oh  
You make me feel so good  
Oh, oh, oh  
You make me feel Super Human next to you  
Oh, oh, oh  
You make me feel human

I've been sitting too long  
With some words on my tongue  
But it just wouldn't come out  
And I'm sole in my head  
When I'm not in your space  
But I makes you feel doubt (doubt)  
And have been it before  
Turn away from myself  
And up stuck in the shore (shore)

And this time I'm an open door  
I know it's not too late  
If we want to make this work

I am ready to feel it

Oh, oh, oh  
You make me feel Super Human next to you  
Oh, oh, oh  
You make me feel so good  
Oh, oh, oh  
You make me feel Super Human next to you  
Oh, oh, oh  
You make me feel human

(Ready to feel)  
(Ready to feel)  
Ready to feel

Next to ypu, next to you  
I'm ready to feel  
Next to you, next to you

Oh, oh, oh  
You make me feel Super Human next to you  
Oh, oh, oh  
You make me feel so good (Next to you, next to you)  
Oh, oh, oh  
You make me feel Super Human next to you  
Oh, oh, oh  
You make me feel human (Next to you, next to you)
