

Not Going Under

Maria Arredondo

As I'm lying here
And the night is near
Well I start to wonder why
We've all grown apart?
Have we lost our hearts?
Oh it makes me wanna cry
Gotta make it together
Gotta make it all right
There is not enough love to go 'round
No one said it was easy
No one said it's a game
But no one said that it was gonna be this hard

Because our world is falling apart
We still got lots of love in our hearts
So what can we do?
Can we start anew?
And just make the world
A little bit better
A little bit better

With a smile and a song
We can all shine on
I believe that's why we're here
So I smile and greet
Everyone I meet
Every person in the streets

If everybody could feel good
If everyone was ok
There would be enough love to go around
No one said it was easy
No one said it's a game
But no one said that it was gonna be this hard

Because our world is falling apart
We still got lots of love in our hearts
So what can we do?
Can we start a new?
And just make the world

A little bit better
A little bit better
