

Be My Joy

Maria McKee

Feed me, feed me, baby
Need you, need you, need you, baby
Only you can make me human
Only you make me a woman

I know why you come, baby
I know why you stay, baby
I've got something you want, baby
Tell me it's OK

Be my joy, be my joy, be my joy
Be my joy, be my joy, be my joy

C'mon over here, baby
Let me come to you, baby
What more can I do, baby
Drive me, thumb me down, baby
Never stall me, oh baby
You don't have to love me, baby

Be my joy, be my joy, be my joy
Be my joy, be my joy, be my joy

Where you going now, baby
When you coming back, baby
What time can I call you, baby
What if you're not there, baby

Do you like my hair, baby
Where else can I reach you, baby
You've made me so happy, baby
Have I told you that

Be my joy, be my joy, be my joy
Be my joy, be my joy, be my joy

Be my joy, be my joy
Be my joy, be my joy
