

# High Dive

Maria McKee

Blowing my trumpet  
Believin' in something  
Courageous and crazy  
Nothing could phase me  
'Till I hit the pavement

And now it's back to school  
Ready to play the fool  
'Cause I took a high dive into an empty pool

Wearin' the dunce cap  
Stuck in the corner  
Heckled and pecked at  
All of the pack said "we tried to warn her"

What will I tell my friends?  
When I run into them  
I took a high dive into the shallow end

Everything planned out  
None of it panned out  
I could have mauled it straight to the top  
If I kept my fangs out

What'll I tell my friends  
I'll get up and try again  
And I'll take a high dive  
Someday I'll never land
