

Bend till I Break

Maria Mena

We're not fine
Borrowed time, you were not mine
But I don't mind cause I live on scraps
Until you come back, until you react

I'll make sure that you see how much I can take
I'll bend and I'll bend til I break
Til you see how much I can take
I'll bend and I'll bend til I break
I'll bend and I'll bend til I break

Take what you need
Undress me, I want you to see
How you make me feel completely alone
And you are gone, is that what you want?

Cause I turn you on to see how much I can take
I'll bend and I'll bend til I break
Til you see how much I can take
Yes, I'll bend and I'll bend til I break
I'll bend and I'll bend til I break

I wait for you
Killing time

Just see how much I can take
I'll bend and I'll bend til I break
Til you see how much I can take
Yes, I'll bend and I'll bend til I break
I'll bend and I'll bend til I break
I'll bend and I'll bend til I break
I'll bend and I'll bend til I break
