

# Sorry

Maria Mena

Vague sound of rain  
Pierces through my song again,  
But I get distracted by the way  
his toes move when he plays  
So I let it burn

I just poured my heart out  
There's bits of it on the floor,  
And I take what's left of it  
and rinse it under cold water  
And call him up for more

And I say baby, yes I feel stupid  
to call you, but I'm lonely  
And I don't think you meant it  
when you said you couldn't love me  
And I thought maybe if I kissed the way you do,  
you'd feel it too..

He said I'm sorry  
So sorry  
I'm sorry  
So sorry.

He grabs my wrists  
As my fingers turn into angry fists  
And I whisper "Why can't you love me,  
I'll change for you, I'll play the part."

And I say baby, so I feel stupid  
to call you, but I'm lonely  
And I don't think you meant it  
when you said you couldn't love me  
And I thought maybe if I kissed the way you do,  
you'd feel it too...

He said I'm sorry  
So sorry  
I'm sorry  
I am sorry.

He said I'm sorry  
So sorry  
I'm sorry  
I am sorry.
