

You Deserve Better

Maria Mena

At the end of the day
I'm not proud of the way
I just shut off myself
And left you to yourself

It's I look back at when, when we first met
I feel guilty, I have regrets
I wasn't kinder to your heart
We never go for a clean start

And you deserve better
No song nor a letter
Can't make right all my wrongs
Or reread what I've done

I'll save me and you'll save yourself
And we'll better off with someone else
Save yourself and I'll save me
If you'll save yourself, I'll save me

For us, I, I fought myself
Said I was sorry and, and saw hell
For every two steps, I took in life
There was always one back one stripe

If I was too much of a task
Why'd you save us? You were last
You might ever been there physically
But you checked out early

And I deserve better
No poem nor a letter
Can't make right all your wrongs
Or reread what you've done

I'll save me and you'll save yourself
And we'll better off with someone else
Save yourself and I'll save me
If you'll save yourself, I'll save me

And we deserve better
No song nor a letter
Can't make right all our wrongs
Or reread what we've done

I'll save me and you'll save yourself
And we'll better off with someone else
Save yourself and I'll save me
If you'll save yourself, I'll save me
